#### 2. Search items

You can search for an item by typing it into the search box at the top of every page. This bar will allow you to enter any text and it will find related items on the website.

OR

You can browse through the product categories on the horizontal menu. These are clickable and will take you to a page where you can narrow down your search or you can hover over them to see all the sub-categories.

# 3. View product

Click 'VIEW DETAILS' to go to the product page. Products have a Description, a SKU and Additional Information such as a sizing guide or safety specifications.

### 4. Add to quote

Most products have options to be selected before they can be submitted for an accurate quote. Please click the Size drop-down area and select your size from the list of available choices. Other configurable fields could include colour, length or even ask for the name of the wearer.
