*We can make a bespoke board to meet your specific needs.
Here's what we need from you...*

1. Orientation - Portrait or Landscape
 2. Size
 3. Either send us a sketch or image of what you would like, or let us know if you would like an existing board changed to suit your needs.
 4. Logo - if you require a client specific logo to be added
-

To make life easier...

Your board will be laminated with dry wipe film.

We can pre-drill the holes for hooks and screws for you if there are additional items to be attached to the board, but please let us know upon ordering.

Just so you know...

It will usually take us 7 - 10 working days to produce your board from the time you place your order. However, if you require this urgently, please do let us know.

We will supply the additional items individually, these will not be fitted to the board, to avoid damage to your items during transit.

These items can be used in the creation of your own bespoke designs

Monthly Calendar Square
(applied to board)
Size: 388 x 215mm

NovaTrim Frame

Let us know if you require a NovaTrim frame installed on your requested board.

The NovaTrim suite of profiles consists of a range of strong one piece framing sections designed to retain rigid panel from 2mm to 6mm in thickness for non-illuminated fascias of any length.

Profiles are available in either mill finish, silver anodised and white paint or in any RAL colour.

NovaTrim

NovaTrim house 5-6mm rigid panels. NovaTrim with a visible face of 35mm is ideal for most applications giving the panel the perfect finishing touch.

NovaTrim Plus

NovaTrim Plus has a larger visible face of 45mm and is designed to ensure safe panel retention when larger panels require framing.

NovaTrim 3

Accepts 2-4mm rigid panels. Novatrim 3 with its visible face of 20mm gives a neat and discreet finish for smaller applications such as PVC foam panels.

Composite Trim

Composite Trim has the same aesthetic look as NovaTrim although is clearly identified using die pips and grooves, the section is the perfect framer to accept the vast range of composite materials available.

NovaCurve 5 / NovaCurve 3

Available for rigid panels from 2mm to 6mm NovaCurve gives fascias that extra quality look especially when colour co-ordinated with the panel giving the "picture frame" effect.

NovaTrim offer:

- Interior / Exterior Use
- Recyclable

9300009 - PROJECT SITE SAFETY BANNER
