KT65 Multifunction Tester

morethansafety

5551218

Proven multifunction tester combining the latest anti-trip technology, phase rotation, earth resistance & advanced memory, with easy to use functionality. Specifically designed for the UK market.

Features & Benefits:

- Easy to use
- Phase rotation in line with new 18th Edition requirements
- Advanced memory with free software, eg you can save a continuity test as an r1, r2, rn, R2 or R1+R2 and on which circuit
- Powerful 18th Edition software available optionally from Castline Systems
- NEW Anti-Trip Technology for full no trip LOOP testing on all RCD types
- Test button in probe as well as lockdown test button for 'hands free' testing
- Easy PFC & PSC measurement without the need to alter test probes
- 250, 500 & 1000V insulation tests with auto discharge
- Additional LED for warning of high voltage output in insulation test mode
- Memory for test lead resistance compensation
- Backlit display
- Auto-test memory for RCD testing with all results shown on one screen
- Conducts phase to phase loop tests
- Earth resistance for earth rods (with optional Earth Spikes)
- End of line calibration certificate included
- Comes with easily removed and stored lid for excellent protection when not in use
- Can be used with rechargeable batteries
- Complies with BS7671 (Part P)

Includes:

ACC064SP G7 test lead with remote test button
ACC065 G7 Test lead set
Batteries
Instruction Manual
Certificate of conformity
End of line Certificate
KAMP 12 Mains lead
Test lead pouch
Soft carry case

Weight & Dimensions:

Boxed Weight: 3.6kg
Boxed Dimensions: 320(W)x275(H)x235(D)mm

KT66DL and EVSE Adapter Testing Kit

morethansafety

5552703

Features & Benefits:

- The KT66DL has many great features including a low current two & three wire test and a 25A, 0.001 Ohm resolution high current test allowing for PSC readings of up to 50 kA.
- It has two special options of EV loop test currents to overcome sensitive inbuilt tripping devices. It also tests type B & EV RCDs and 6 mA RDC-DDs for time and tripping level.
- The user interface is flexible and enables you to do the RCDs tests as part of an auto-test or individually.
- The KEWEVSE enables electrical safety tests with the KT66DL by simulating the presence of an electric vehicle and opening up the supply circuits to enable testing. It facilitates the testing of single and three phase charging stations as well being able to simulate earth faults to test whether the charging point closes down.
- There are 4mm connectors and a BS1363 three pin socket to enable connection to your MFT. Red LEDs indicate which phases are live.

EVSE Adapter

Features & Benefits:

- Compact - smallest in class
- Easy to use
- Allows for the electrical safety checks of a charging point in conjunction with an EVSE enabled MFT, like the KT66DL
- Checks the functionality of the EVSE
- Used for commissioning and trouble shooting
- For use on single phase or three phase systems
- Type 2 male connector for EVSE connection
- 4 mm connectors and alternative BS1363 socket for connecting your tester
- CP & PP state adjustment rotary switches
- PE error & CP error simulation test
- Oscilloscope output
- Printed manual
- Carry case included

Kewtech Smartpat PAT Tester

morethansafety

5551654

Features & Benefits:

- Easy to use
- Converts into a full downloading PAT Tester with the KEWPAT APP
- Automatic test sequences - standard or make your own
- Large easy to read display
- Battery operated - approx. 1400 tests
- IT safe with 200mA earth test and 250V insulation option
- PASS / FAIL - Green / Red screens
- Run / leakage at supply voltage (110V or 230V)
- Portable RCD tests 10mA & 30mA
- Performs Earth bond at 200mA (IT safe)
- Converts into a full downloading PAT tester with the KEWPAT APP
- Automatic test sequences - make your own with the KEWPAT APP
- For fast data collection and results saving works in connection with the KEWPAT APP
- PASS / FAIL - Green / Red screens
- Appliance status pre-check
- Quick check continuity
- 5 second continuity
- 250 V and 500 V insulation
- Substitute leakage test
- Selectable substitute leakage limits
- Extension lead test
- Test lead nulling
- Back light
- Extension lead adapter
- Earth Continuity test lead with probe and croc clip
- Carry bag with handle
- Quick start guide

Includes:

- Extension lead adapter (EZYLEAD)
- Earth continuity test lead with probe and croc clip (EZYEARTH)
- Mains Lead (EZYMAIN)
- Carry bag with strap

Weight & Dimensions:

- Boxed Weight: 1.84kg
- Boxed Dimensions: 290(L)x140 (W)x130(D)mm

815 Class 2 Sound Level Meter

morethansafety

5500114

The testo 815 sound level meter can be used for control measurements in the air conditioning and heating area, on combustion systems or at workplaces.

Features & Benefits:

- Heating technology: measurement of the volume of burners
- Industry and trade: measurement of machinery noise
- Event technology or public authorities: noise levels at events
- Building services: simple measurements by the caretaker when there are complaints
- Test whether the charging point closes down
- There are 4mm connectors and a BS1363 three pin socket to enable connection to your MFT. Red LEDs indicate which phases are live

540 Pocket Pro Lux Meter

5500143

Features & Benefits:

The testo 540 light meter can be used to measure both artificial and natural light and provides you with a quick and easy means of measuring lighting conditions in the workplace.

The testo 540 light meter is a compact entry level model designed specifically for carrying out spot checks in the workplace, shops and offices. The light sensor is modelled on the spectral sensitivity of the human eye and is ideal for measuring lighting conditions in a variety of different workplaces.

The compact, easy-to-use meter has a number of useful functions and features including a large, easy-to-read display, min/max values which can be shown at the touch of a button, a hold function that allows you to freeze the last reading and a protective cap for safe storage.

410-1 Compact Vane Anemometer NTC Air Thermometer

morethansafety

5500116

The testo 410-1 includes a plug-on protective cap, as well as a wrist strap for secure measurement, and enables you to take advantage of the following functions:

Features & Benefits:

- Single-point averaging: provides information on the average air velocity, e.g. at air outlets
- Hold function: is used to record the current values relating to air velocity and air temperature and compare them with each other
- Max/min values: get the minimum or maximum values since the anemometer was last switched on or reset, at the touch of a button
- Illuminated display: read off your readings even in dark environments
- Selectable units: for air velocity and temperature: m/s, km/h, fpm, mph, kts, Beaufort, °C, °F and wind chill

Overview:

The testo 410-1 vane anemometer is impressive thanks to its practical pocket size and is ideal for fast check measurements. With a measuring range of 0.4 to 20 m/s, the anemometer can even be used for low flow speeds.

The anemometer has a permanently mounted vane with a diameter of 40 mm. You can therefore use it for the integral measurement of air velocity at ventilation grilles (air outlets).

The anemometer is practical for outdoor operation: as well as air velocity and air temperature, the testo 410-1 also calculates the Beaufort wind force and the wind chill temperature, which is the temperature perceived by a person due to wind-related cooling.

440 Air Velocity and IAQ Measuring Instrument

5551703

morethansafety

Features & Benefits:

- A measuring instrument for all climate related parameters
- Extendible with a wide range of probes
- Wireless measurement with bluetooth probes
- USB interface for exporting measurement reports as CSV files
- Intuitive measurement menus
- Graphic display with parallel display of 3 readings

Overview

Precise, reliable measurement of all air velocity and IAQ parameters with just one measuring instrument: the multifunction measuring instrument features intuitive operation with clearly structured measurement menus.

Adjusting air conditioning and ventilation systems, monitoring air quality or carrying out comfort level measurements – thanks to versatile options for combining with high-quality, digital probes, you are ideally equipped to carry out your measuring task (please order probes separately)

General technical data:

Weight-250 g
Dimensions-154 x 65 x 32 mm
Operating temperature-20 to +50 °C
Connectable probes
1 x digital probe with cable or 1 x Temperature NTC TUC, 1 x digital Bluetooth probe or testo Smart Probe, 1 x Temperature TC Type K
Battery type3 AA mignon 1.5 V
Battery life:12 h (typically vane measurement)

610 Compact Humidity Temperature Meter

morethansafety

5501109

With its built-in NTC temperature sensor, the testo 610 thermohygrometer offers great accuracy when it comes to temperature measurement. The thermohygrometer measures humidity using its capacitive humidity sensor which is characterized by its long-term stability. The two sensors make the testo 610 a reliable and durable thermohygrometer.

The thermohygrometer is easy to use: the current temperature and humidity values are easily legible on the illuminated display. In addition, it can display the calculated dew point and wet bulb temperature, as well as min./max. values. With its clip-on protective cap, wrist strap and belt pouch, the handy thermohygrometer can be safely stored and easily taken along to any measuring location.

Delivery Scope

Testo 610 thermohygrometer, protective cap, calibration protocol, belt pouch and batteries.

Blackline G7c Unit (Quoted spec for contract)

Contact us to specify your unit

Blackline Safety's G7c uses integrated 4G/2G or 3G/2G connectivity to wirelessly link your team to real people, while automating data analytics and compliance reporting.

All safety incidents are communicated to 24/7 live monitoring personnel who can mobilise responders to an employee's exact location or trigger an evacuation in real-time.

With a two-way speakerphone, monitoring personnel can communicate directly with the worker, providing critical insights and situational awareness for optimised emergency responses.

Testo 868s Thermal Imaging Camera

morethansafety

5501345

Features & Benefits:

- Image quality with IR resolution of 160 x 120 pixels (with testo Super Resolution technology 320 x 240 pixels)
- Thermal sensitivity of 0.08 °C
- Free analytical software for creating professional reports
- Automatic detection of hot and cold spots
- Thermal images can be saved as JPEGs
- App for analysis and creating on-site measurement reports

Technical data:

Infrared image output		Image storage	
Infrared resolution	160 x 120 pixels	File format	.bmt and .jpg; export options in .bmp, .jpg, .png, .csv, .xls
Thermal sensitivity (NETD)	<0.08 °C (80 mK)	Memory	Internal memory (2.8 GB)
Field of view/min. focusing distance	31° x 23° / < 0.5 m	Power supply	
Geometric resolution (IFOV)	3.4 mrad	Battery type	lithium ion rechargeable battery exchangeable on site
testo SuperResolution (pixels/IFOV)	320 x 240 pixels	Operating time	4 hours
Image refresh rate	9 Hz	Charging options	In instrument/in charging station (optional)
Focus	Fixed focus	Mains operation	✓
Spectral range	7.5 to 14 µm	Ambient conditions	
Visual image output		Operating temperature range	-15 to +50 °C
Image size / min. focusing distance	5 MP / min. 0.5 m	Storage temperature range	-30 to +60 °C
Image presentation		Air humidity	20 to 80 %RH, non-condensing
Image display	8.9 cm (3.5") TFT, QVGA (320 x 240 pixels)	Housing protection class (IEC 60529)	IP64
Display options	IR image / real image	Vibration (IEC 60068-2-6)	2G
Colour palettes	iron, rainbow HC, cold-hot, grey	Physical features	
Data interface		Weight	510 g
WLAN Connectivity	Communication with the testo Thermography App Wireless module WLAN (EU, EFTA, USA, AUS, CDN, TR)	Dimensions (LxWxH)	219 x 96 x 95 mm
USB 2.0 micro B	✓	Housing	PC - ABS
Measurement		PC software	
Measuring ranges	Measuring range 1: -30 to +100 °C Measuring range 2: 0 to +650 °C Manual/automatic switchover	System requirements	Windows 10, Windows 8.1
Accuracy	±2 °C, ±2 % of measured value (higher value applies)	Standards, tests	
Emissivity/reflected temperature adjustment	0.01 to 1 / manual	EU Directive	EMC: 2014/30/EU RED: 2014/53/EU
testo e-Assist	Automatic recognition of emissivity and determination of reflected temperature (RTC)	Standards, tests	
Measuring functions			
Analysis functions	Centre point measurement, hot/cold spot detection, delta T		
testo ScaleAssist	✓		
IFOV warner	✓		
Imager features			
Digital camera	✓		
Lens	31° x 23°		
Video streaming	via USB via WLAN with testo Thermography App		
Storage as JPG	✓		
Fullscreen mode	✓		

Overview

With the testo 868s thermal imager, we have developed a thermal imager which makes work quicker and easier – without foregoing professional thermal imaging technology.

You can generate error-free and objectively comparable infrared images using its handy functions. The IFOV warner, testo Assist and testo Scale Assist mean you can avoid measurement errors and not only effortlessly achieve optimum setting of emissivity (and reflected temperature (RTC) for building thermography, but also of colour scale.

LOTO

Electrical Mobile LOTO Kit

morethansafety

6030083

Kit Content:

- x3 6030059 - Steel Shackle Red LOTO Pad-lock Steel Shackle Length 38mm
- x2 6030061 - PA Coated Steel Hasp Lock Shackle 1" (25mm)
- x1 6030062 - Nylon Lockout Hasp (43mm x 173mm)
- x3 6030065 - Miniature Circuit Breaker Lockout Pin Out Standard
- x1 6030066 - Miniature Circuit Breaker Lockout Pin In Standard
- x1 6030067 - Simple Circuit Breaker Lockout (45mm x 25mm x 10mm)
- x1 6030068 - Simple Circuit Breaker Lockout (51mm x 25mm x 23mm)
- x1 6030069 - Simple Circuit Breaker Lockout
- x1 6030070 - Simple Circuit Breaker Lockout
- x1 6030071 - Simple Circuit Breaker Lockout (125mm x 63mm x 40mm)
- x1 6030073 - Clamp-On Breaker Lockout Oversize - 480V to 600V
- x1 6030089 - Multipurpose Cable Lockout
- x1 6012003 - Permanent Marker Pen For Writing On Tags
- x1 59010810 - Draper Expert 3.0mm x 100mm Fully Insulated Plain Slot Screwdriver (Sold Loose)
- x1 6011726 - Danger Do Not Operate Tag (Pack of 10)
- x1 6220061 - Mobile LOTO Bag (Electrical)

Please see web for more detail

- Draper Expert 3.0mm x 100mm Fully Insulated Plain Slot Screwdriver (Sold Loose)
- Simple Cable Lockout

Group Lockout Box

6030087

Features & Benefits:

Global Standard for Simple Group Lockout and simplifies the lockout of larger machines. After the equipment to be worked on has been isolated from the energy source, the lockout keys are placed inside the multiple lockout box and then padlocked by the controlling person.

Each person then working applies their own unique padlock to the lockout box. Only when all unique padlocks have been removed (including the controller's padlocks) can the necessary keys be re-issued to re-start.

Lockout Bag

morethansafety

6030072

This lockout bag is best used for locking out junction boxes and elevator controllers.

Simply slide the device inside, tighten the top of the bag and lock out the cord to ensure the bag cannot be pulled off. Made from wear resisting polyester cloth and features a PVC liner to prevent others from making contact with any buttons through the bag.

Can lock out many kinds of driving controller buttons or all kinds of special large sized plugs and accessories

Features & Benefits:

- Bag dimensions 440 x 250mm
- Strap can be locked out by up to 6 padlocks or hasps

Cylinder Tank Lockout

6030075

Prevents access to the main cylinder valve with no need to match your lockout device to varying diameter and threads of cylinder caps. Can be locked out by up to 3 padlocks simultaneously. The lock body front is suitable for writing on.

Content:

- Maximum diameter neck ring of 80mm
- Padlock shackle diameter up to 7mm
- Made from engineering plastic PP

6030082

Content:

- 6030059 ~ Steel Shackle Red LOTO Padlock Steel Shackle Length 38mm

- 6030076 ~ Simple Cable Lockout
- 6030077 ~ Gate Valve Lockout (5" to 6.5")
- 6030078 ~ New Gate Valve Lockout (1" to 2.5")
- 6011083 ~ Permanent Marker Pen For Writing On Tags
- 5904403 ~ Draper Expert 3.0mm x 100mm Fully Insulated Plain Slot Screwdriver (Sold Loose)
- 6011704 ~ Tag - Double Sided JLL Printed Inspection /Caution (Pack of 10)
- 6011703 ~ Tag - Single Sided JLL Printed Live Equipment Do Not Touch (Pack of 10)
- TBC ~ JLL Branded Static Wall Mounted Lock Out Station Yellow

Electrical Plug Lockout 3 Pin

6030088

Features & Benefits:

- Self-locking Computer industrial host Safety lockout device with rubber stopple for lockout

LOTO Board

9270099

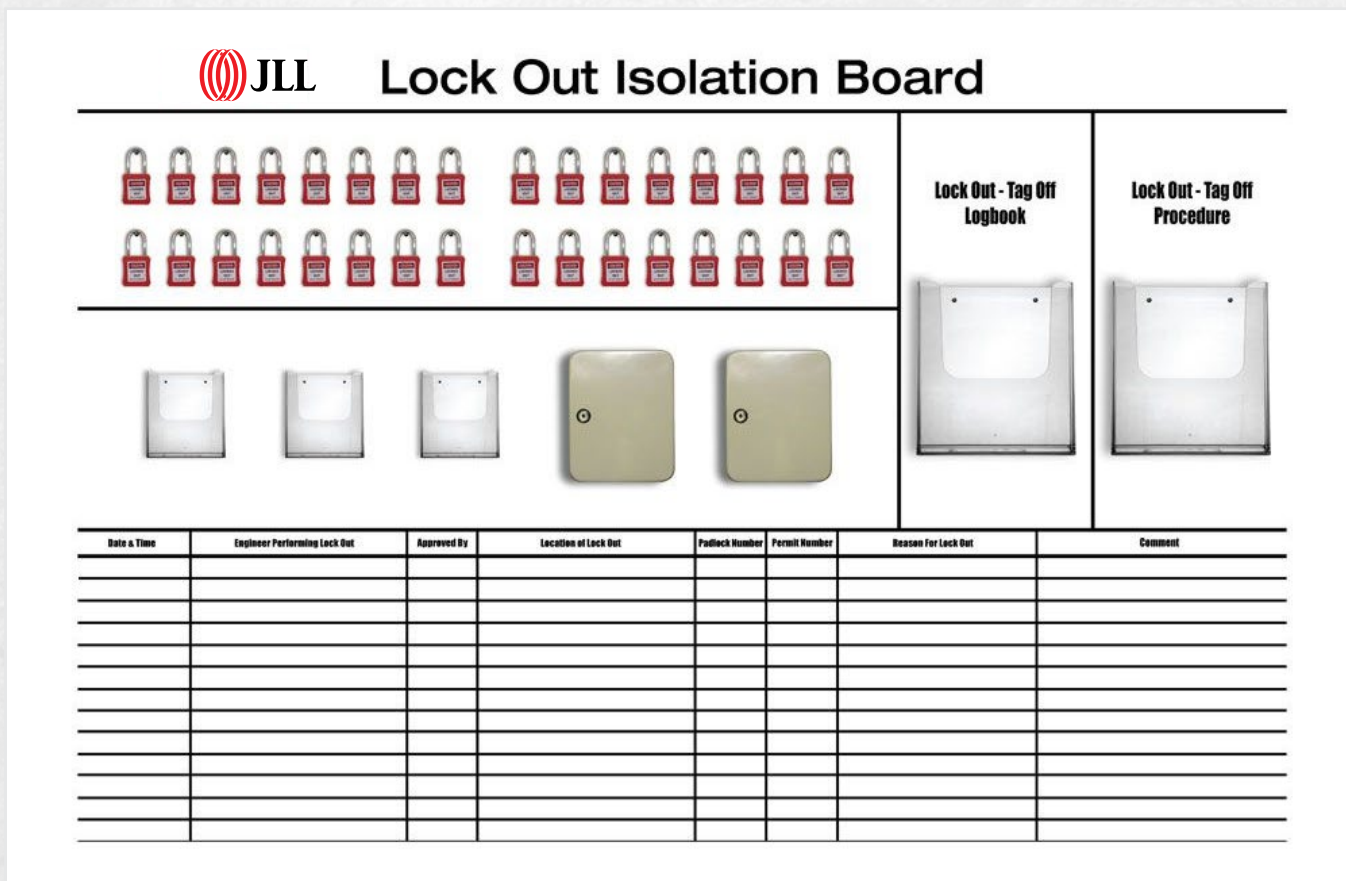

Orientation: Landscape
 Size: 1804 x 1204mm

Design printed onto 100 micron white gloss self-adhesive vinyl, laminated with dry wipe film, and applied to 5mm PVC white foam board and mounted onto 10mil black PVC foam.

Supplied with:

- 2 Key cabinets
- 32 Red padlocks
- 2 x A4 Transparent Document Holders
- 3 x A6 Transparent Document Holders
- Self tapping screws for use with document holders and key cabinets
- Cup hooks for use with padlocks for lock out stations

Notes: Artwork not to size. Please allow 10 working days for production. Items may also vary due to changes in QHSE Approved LOTO.

LOTO Board with AP Box

9270100

Orientation: Landscape
Size: 1804 x 1204mm

Design printed onto 100 micron white gloss self-adhesive vinyl, laminated with dry wipe film, and applied to 5mm PVC white foam board and mounted onto 10mil black PVC foam.

Supplied with:

- 1 Key cabinet
- 1 Safety Key Box
- 36 Red padlocks
- 3 x A4 Transparent Document Holders
- 2 x A6 Transparent Document Holders
- Self tapping screws for use with document holders and key cabinets
- Cup hooks for use with padlocks for lock out stations

Notes: Artwork not to size. Please allow 10 working days for production.

Glassfibre Swingback Step Ladder

morethansafety

6102965

The Murdoch GRP swingback steps are manufactured to withstand vigorous every-day usage. Carrying the EN131 professional label means that the product has been tested to withstand at least 50,000 uses. The fibre-glass stiles makes this step your ideal partner when working around electricity. The spreader arm makes opening/closing of the stepladder simple, plus a heavy duty tool tray creates another user friendly touch.

Features & Benefits:

- Tested to 30,000 Volts
- 80mm deep treads for comfortable standing
- 2 locking arms for safety and usability
- Large anti-slip feet for ultimate grip
- Load rating 150kg
- EN131 Professional

Heavy Duty Professional Glassfibre Swingback Step Ladder

6102183

This range of ladders is ideal for trade use and is tested to a durability test of 50,000 cycles. Tested & certified to New EN131-2, Professional Improved stiles and strengthened treads as well as reinforced platform in-line with the new standard requirements.

Unique strengthening beam incorporated into non-slip treads, rubber feet, and twists as there are no tapes to snap, or flimsy arms to break. Rigid box section back legs with additional cross braces and 'k' straps for increased strength and stability.

Non conductive to 30,000 volts and so the ladder is ideal for use where electrical hazards exist.

Lower bottom tread to avoid bending of front feet. Plastic tool tray to hold tools and equipment while working.

Lytepod Adjustable Low Level Platform

morethansafety

6100573

Features & Benefits:

- Low Level Aluminum Podium Steps. Low Level Access Certified to BS8620
- Saloon gates for easy access and egress, stoppers for extra safety
- Only 2 removeable parts: platform deck and access ladder
- All models have 2 platform heights
- Anti surf as standard Compact folding dimensions. Toe boards are available
- Non removeable stabilisers

Teletower

6100208

The World's First Telescopic Mobile Scaffold Tower.

Features & Benefits:

Telescopic mechanism allows seven different platform heights from 0.33 to 2.00 metres - Working heights from 2.30 to 4.00 metres
Large folding aluminium work platform (1.4m x 0.7m) with climb through hatch
Fully erected in under 3 minutes, saving down time & man hours
Operates as a podium with low level fixed height options of 33cms & 61cms
Comprises only two parts - tower and platform (no more leaving parts in the yard!)
Integral stabilising legs with 5 optional positions & lockable castors
Includes toe-boards as standard
Integral telescopic hand & knee rails-Integral platform stabilisers
Conforms to EN1004

Glidelift Low Level Access Desk Surfer

morethansafety

6100282

The height adjustable access platform for all work up to a reach height of 4m. Evolved from our Deskglider, the hugely popular over desk platform, The Glidelift still retains its over desk capability but at last offers the most versatile, low cost, low level access platform on the market.

Features & Benefits:

- 4.00M Reach height
- 2.00M Platform height
- Lightweight 90kg
- 150KG Safe working load
- Height adjustable platform
- Compact - fits through single doors (inside & outside use)
- No assembly required
- Easily transportable
- Quick and easy to use
- Work at height compliant

Ladder Tag Kit

TBC

Kit Content:

- Replacement JLL Ladder Tags(Pack of 20)
- Tag holders (20)
- Pen for writing on tags (20)

1 Person Travel First Aid Kit

morethansafety

7011726

Features & Benefits:

- Small, compact, zip bag
- Easy to fit in rucksack
- Light weight

Content:

- Cleansing Wipes (Sterile) QTY x2
- Washproof Plasters QTY x10
- Triangular Bandage QTY x2
- Gloves (Pair) QTY x2
- Large Sterile First Aid Dressing 18cm x 18cm QTY x1

First Aid

10 Person Workplace HSE Compliant First Aid Kit

7011727

The Standard Workplace Kit is low-medium risk ideal for small offices, shops, and libraries etc. Essential kits for variety of needs - from general first aid and catering to burns, eyewash and biohazards. A compact and durable comprehensive HSE compliant range.

Kit Content:

- Safety Pins
- Triangular Bandages
- Eye Pad Sterile Dressing
- Medium Sterile Dressing
- Large Sterile Dressing
- Nitrile Disposable Gloves Conforming to BS EN 455-1 and BS EN 455-2, large size (8-9)
- Saline Cleansing Wipes
- Plasters
- Guidance Leaflet

7011729

The Blue Dot BS 8599-1 (2019) First aid kits have been put together especially for use in the food service industry. With health and safety being a priority in catering establishments, these kits are essential for when an accident occurs, and immediate aid is required. These kits fully conform to the BS8599-1:2019 legislation.

Kit Content:

- Instructions
- Contents Leaflet
- Medium Dressing 12cm x 12cm
- Large Dressing 18cm x 18cm
- Triangular Bandage
- Eye Pad & Bandage
- Blue Detectable Plasters
- Cleansing Wipes (Sterile)
- Blue Microporous Tape
- Nitrile Gloves (Pair)
- Blue Finger Dressing 3.5cm x 3.5cm
- Revive Aid (Resuscitation Device)
- Thermal Blanket
- Burn Dressing 10cm x 10cm
- Tuff Cut Scissors
- Conforming Bandage 7.5cm x 4.5cm

Standard Burns First Aid Kit

7010457

Blue Dot Burns Kit is effective for use at work or home and provides effective relief from a variety of burns including, scalds and sunburn. The Blue Dot Burns Kit is available in two sizes – small and medium and is an essential requirement with the workplace. Particularly where the risk of getting burn related injuries is higher.

Kit Content:

- Burn Dressing 20cm x 20cm
- Burn Dressing 10cm x 10cm
- Low Adherent Dressing 10cm x 10cm
- Low Adherent Dressing 10cm x 20cm
- Burn Gel Sachet
- Eye Wash Pods
- Crepe Bandage
- Conforming Bandage
- Gloves
- Microporous Tape
- Scissors

Standard Eye Wash Station

morethansafety

7011731

Strong ABS plastic with clear front and integrated wall bracket. Contents are kept dust and damp free. Items can be individually refilled.

Kit Content:

- 2x Sterile Eye Pad Dressing
- 2x Sterile Eye Wash Bottles

First Aid Box Wall Bracket

7011730

A simple and cost-effective wall mounting bracket for first aid kits. The bracket allows for the kit to be easily removed and used where an incident has occurred.

It is suitable to be used with all of our first aid boxes.

AED Emergency Response Kit

7011732

The ideal kit to pair with Defibrillators

Kit Content:

- 1x Razor
- 1x Protective Face Shield
- 1x Scissors
- 2x Sterile Wipes
- 1x Pair of Gloves
- 2x Gauze Swabs

Smarty Saver Wall Mount Bracket Stainless Steel

morethansafety

7011733

Wall bracket designed to hold Smarty Saver models, allowing for quick and easy access to the defibrillator.

First Aid

Smarty Saver Normal Configuration Fully Automatic Dibrillator

7011734

Automatic Smarty Saver Defibrillator. This defibrillator automatically delivers shocks, making operation easier for the user.

The Fully Automatic model will, if a shockable rhythm is detected, warn the user of the imminent shock delivery and after 5 seconds the de-fibrillating shock will be released automatically; the CPR phase will follow.

It delivers one or more de-fibrillating shocks on adult or paediatric patients affected by ventricular fibrillation or ventricular tachycardia, using a thorax impedance-compensated, biphasic truncated exponential discharge (BTE).

Features & Benefits:

- Affordable and easy to use
- Reliable and durable
- Dustproof and waterproof resistance IP rate
- Easily operated by anyone in the medical field and non-medical field too (e.g. public or private places)

CPR

Leak Diverter Kit

morethansafety

4300874

Overview:

Leaking roofs can damage valuable stock and equipment, not to mention the inconvenience of moving people and goods out of the way.

Leak Diverter deals with nuisance roof and ceiling leaks without disruption to the workplace until a permanent repair can be made. The device hangs from the roof directly under drips and leaks and diverts water to a convenient collection point. The floor beneath stays dry, the risk of slips and falls is reduced whilst damage to goods and machinery is minimised.

Adjustable hanging straps make levelling and positioning easy. Standard UK Hozelock fittings ensure water is safely channelled into the Leak Diverter reservoir drum (included in complete kit or available separately). Leak Diverter is available in four sizes in two colours, with separate accessories or as complete kit.

QHSE Approved Multi Purpose Spill Kit 240l

4300875

Packed with fast-acting sorbents to clean-up spills quickly and efficiently. 240l capacity.

General Purpose:

Coolant ~ Antifreeze ~ Oil ~ Water ~ Weak chemicals ~ Solvents

Kit Content:

- 12x Absorbent Socks (8cm x 3m)
- 100x Absorbent Pads
- 4x Disposal bag & tie
- 1x Instruction and contents sheet
- 1x Medium sized wheelie bin (240l)

Drain Protection Kit

4100143

Preventing spills and leaks from entering drainage systems is the best way to prevent environmental pollution.

Neoprene Drain Cover (ADR10)
1kg Tub Plugging Granules
Weatherproof Holdall
(wall mountable)

QHSE Approved Oil & Fuel Only Spill Kit 240l

4300876

Packed with fast-acting sorbents to clean-up spills quickly and efficiently. 240l Capacity.

General Purpose:

Oil & Fuel ~ Hydraulic oil ~ Engine oil ~ Lubricating oil ~ Solvents ~ Will not absorb water

Content:

- 12x Absorbent Socks (8cm x 3m)
- 100x Absorbent Pads
- 4x Disposal bag & tie
- Instruction and contents sheet
- Medium wheelie bin (240l)

Spill Response Type ~ Bunded Workflow
Applications ~ Drum
Max Load ~ 1000kg
Absorption Capacity ~ 120L

Drum Workflow for 2x 205l Drums

4100199

- For storage of drums or numerous smaller containers
- Removable grid deck for easy cleaning
- Ideal for use in drum stores to provide effective secondary containment

CO2 XRT Fire Extinguisher

morethansafety

6300136

The aluminium 2kg CO2 extinguisher is used for situations involving flammable liquids and electrical hazards. One of the best selling extinguishers in the Firechief XTR range, the CO2 extinguishant is harmless to delicate equipment making it ideal for office environments.

Features & Benefits:

- Approved to BSEN3
- Kitemark and LPCB approved
- Harmless to machinery
- Aluminium alloy construction
- Corrosion resistant finish
- Squeeze grip operation
- Includes wall hanging bracket

6302001 ~ Fire Door Check Cards

Water Fire Extinguisher 6l

6300135

The Firechief XTR 6L Water Extinguisher is widely recognised and trusted by re-sellers and end users alike. Designed, developed and tested in the UK for use on A-class fires, this product carries the well-known Kitemark, LPCB and MED certification achieving superior results in tests.

Features & Benefits:

- 5 year guarantee
- Designed, developed and tested in UK
- Squeeze grip operation
- Corrosion resistant finish
- Approved to BS EN3
- Supplied with J bracket
- FXW6 Approved to 35kV dielectric test
- Internal polyethylene lining
- Comes with water spray

COSHH Floor Cupboard

morethansafety

6210178

Features & Benefits:

- QMP's range of COSHH cupboards help users to comply with the control of hazardous substances as demanded by the COSHH regulations when in the workplace
- No snag' handles with 2-point locking
- Adjustable spill-retaining galvanised shelves for superior spill management with a UDL of 70KG
- Reaction to Fire Classification EN 13501-1
- Warning stickers supplied as standard
- Fully welded all steel structure with full length heavy duty hinges with concealed fixings to prevent forced entry
- Powder coated graphite grey with Germ Guard Active Technology paint
- Floor chests have a welded integrated sump, angled lid to discourage article placement and a hasp and staple lock - padlock not supplied
- Colour: Grey

900 x 900 x 460mm

Hazardous Floor Cupboard

6210179

Features & Benefits:

- QMP's range of COSHH cupboards help users to comply with the control of hazardous substances as demanded by the COSHH regulations when in the workplace
- Adjustable spill-retaining galvanised shelves for superior spill management with a UDL of 70KG
- Integral liquid-tight sump encourages the correct handling of spills through the use of absorbents
- Stands raise cupboards by 543mm with an adjustable foot for uneven surfaces
- Powder coated yellow with Germ Guard Active Technology paint
- Hazardous Cupboards come complete with a selection of hazardous warning stickers
- Reaction to Fire Classification EN 13501-1
- Colour: Yellow

900 x 900 x 460mm

Flammable Liquid Storage Cupboard

morethansafety

6210171

Features & Benefits:

- Reaction to Fire Classification EN 13501-1
- Warning stickers supplied as standard
- Adjustable spill retaining shelves for superior spill management
- Cupboard shelves have a UDL of 50KG
- Integral liquid-tight sump encourages the correct handling of spills through the use of absorbent cleaning materials
- Cupboard stands are available which raise cupboards by 543mm with an adjustable foot for uneven surfaces
- Powder-coated red with Germ Guard Active Technology paint
- Floor chests have a welded integrated sump, angled lid to discourage article placement and a hasp and staple lock - (padlock not supplied)
- Colour: Red

900 x 900 x 460mm

Safegate 3 Gate Barrier

6021148

Features & Benefits:

- Ideal for ground works, and protecting pedestrianised areas
- High density Polyethylene
- Prevent access to open manholes, drain, areas of wet flooring, trip hazards and spillages
- Compact design makes it ideal for use in workshops and even supermarkets
- One of the fastest barriers to deploy
- All packages are supplied with chapter 8 reflective strips and all the necessary clips to use the gates
- Conforms: BS 8442:2015, Chapter 8, The Red Book, TSRGD, BS7818 Specification for pedestrian restraint systems, Chapter 8 & BSEN13422, The Red Book 2013, Chapter 8
- Colour: Yellow

H 1000mm x Extended Length 2250mm Collapsed Length 750mm

Portagate 3 Gate Compact Barrier

morethansafety

6021123

Portagate Compact Barrier Gate System
The Portagate is a blow moulded high density polyethylene barrier, supplied as a 3 or 4 gate system. Light and compact, the Portagate is designed to meet communications industry requirements and enables increased quantities per vehicle.

Features & Benefits:

- Configurations - Adjoining clips allow multi-positioning configurations to be formed such as a triangle, a square or a single line
- Firm hold - By sliding the top hinge clip down panels can be locked securely into formations
- Added stability - Designed to accept anti-trip feet for increase stability
- Temporary signage - Recesses are included for toggle mounted courtesy signs to enable the system to be fully closed with the signs still attached
- Reflective panels - Class R1 reflective panels which are 20% more reflective than standard lower grade reflective material conforming to BS 8442
- Stackable - Can be stacked in any 180° orientation to a height of 20 units for 4 gate systems and 25 for 3 gate systems
- Colour: Red

Barrier Gates: 3
Material: HDPE
EN Standards: BS 8442

- VDE screwdrivers & pliers
- 20l toolcase
- Combination spanner set
- Pound Thru PZ screw drivers
- Fire door gap gauge kit

HVAC Engineer Toolkit

morethansafety

5601420

The HVAC (Refrigeration) toolkit is ideal for all heating and air conditioning servicing needs.

This kit contains 42 items including:

- Wet and dry vacuum cleaner
- Recovery unit and vacuum pump
- 20 volt combi drill
- Digital manifold
- Set of aluminum pipe wrenchers
- 80l toolchest
- Fire door gap gauge kit

Gas Engineer Toolkit

morethansafety

5601419

The Gas toolkit is ideal for working on gas systems.

This kit contains 52 items including:

- Wet and dry vacuum cleaner
- Testo 300-2II flue gas analyser
- 20 volt combi drill
- Gas leak detector
- Pipe repair kit
- 80l toolchest
- Fire door gap gauge kit

HVAC R32 Engineer Toolkit

morethansafety

5601421

The HVAC (Refridgeration) toolkit is exactly the same as the standard HVAC toolkit except the recovery unit is suitable for R32 gasses.

This kit contains 41 items including:

- Wet and dry vacuum cleaner
- Recovery unit and vacuum pump
- 20 volt combi drill
- Digital manifold
- Set of aluminum pipe wrenchers
- 80l toolchest
- Fire door gap gauge kit

8100SB VDE Socket Set 3/8" Drive

morethansafety

59073775

Incredibly compact set arrangement for a lot of tools in a small space.

Features & Benefits:

- Provides safe and secure storage
- Individually tested ratchet, sockets and extensions as per IEC 60900 at 10,000V for safe working at the approved voltage of 1,000V
- 8007 B VDE 3/8" Ratchet
- 3/8" Drive 8790 B VDE Sockets: 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 & 19mm
- VDE Extension bars: 91 & 160mm Long
- Textile box with very high robustness and durability
- Smooth turning mechanism for secure hold and easy removal of VDE sockets
- Low weight and volume for easier mobility

Kraftform Kompakt W2 Maintenance Kit 35 Piece

59073784

Compact tool set with the 35 most important screw driving tools for maintenance work both indoors as well as outdoors.

Features & Benefits:

- Includes VDE holder with 12 VDE blades
- 1 Joker double open-end wrench with holding function limit stop, small return angle and extremely gripping teeth
- The incredibly fast 1/4" Zyklop Speed ratchet and accessories
- 8 manual and power tool sockets, sizes 5.5-13, 1 universal bit holder; 7 bits in a length of 25mm
- 1 screw gripper for firmly holding screws
- 1 voltage tester 247
- Textile box: Robust and durable
- VDE Extension bars: 91 & 160mm Long

Wera Kraftform Micro ESD Screwdriver Set (25 Piece)

morethansafety

59073793

Features & Benefits:

Electrostatically secured Wera Micro screwdriver 25-piece set. The included screw profiles are especially suitable for the use on mobile phones and tablets.

Safe protection against electrostatic energy and associated damage.

By supporting the hand on the rotating cap, and by the fast rotating zone below the rotating cap, lightning fast turning is possible.

The power zone with integrated soft zones ensures the transmission of high tightening and loosening moments.

Precision zone for correct rotation angles whilst adjusting.

The Black Point tip provides fitting accuracy and optimum corrosion protection. Take it easy tool finder with size stamping and colour coding by profile to find the required tool quickly and easily.

Storage and transport in a robust textile pouch, so the tool is well protected and always close at hand.

Time-consuming hand switching is eliminated.

Stainless Torsion Bit Set (30 Piece)

morethansafety

59073616

Features & Benefits:

Bit-Check that can be positioned upright with high quality bits out of stainless steel.

Wera stainless tools are manufactured out of stainless steel, thus preventing the formation of unsightly extraneous rust. 29 Wera stainless bits.

1 stainless Rapidaptor quick-release holder. The multi-component Bit-Check is convincing on account of its low weight and the maximum possible degree of compactness.

In this respect, the soft material in the lower section of the Bit-Check ensures that the bits are securely held whilst being simple to remove at the same time.

The profile and size of the bits are easy to recognise thanks to the Wera "Take it easy" Tool Finder with its colour coding and clearly visible imprint.

TSTAK Twin Kit With 2x 4.0Ah Batteries

morethansafety

5100097

Features & Benefits:

The DEWALT DCK266M2T TSTAK™ Twin Kit, contains the following:

1 x 18V DCD796 XR Brushless Combi Drill which has an ultra-compact, lightweight design.

Chuck: 13mm Keyless

No Load Speed: 0-550/0-2,000/min

Impact Rate: 0-9,350/34,000/bpm

Torque: 27/70Nm, 15 Settings

Capacity: Masonry/Steel 13mm, Wood 40mm

1 x 18V DCF887 XR Brushless Impact Driver is equipped with application control. This is achieved through 3 motor speeds and torque settings.

Bit Holder: 6.35mm (1/4in)

No Load Speed: 0-1,000/0-2,800/0-3,250/min

Impact Rate: 0-1,800/0-2,900/0-3,800/bpm

Max. Torque: 26/80/205Nm

Weight: 1.56kg

Also supplied with: 1 x 10.8-18V DCB115 Multi-Voltage XR Charger, 2 x 18V 4.0Ah Li-ion Batteries and 1 x TSTAK™ Case.

Pressure Washer 1400W 105Bar

morethansafety

5109914

Perfect for cleaning patios, cars, caravans or worksites. This simple to use washer features a carry handle and large wheels, which make it easier to manoeuvre. The total stop device is designed to save water, prolonging the life of both the pump and the motor.

Specification:

- Wattage: 1600
- Working pressure (+/-10%): 1305psi (90bar)
- Max pressure (+/-10%): 1958psi (135bar)
- Working flow (+/-10%): 5.5l/min
- Max flow (+/-10%): 7.1l/min
- Hose length: 5m
- Cable length: 5m
- Weight: 8kg

Henry Type 230V Vacuum Cleaner NRV200

5120111

The Henry vacuum with its one-piece polypropylene and struct foam tanks are long-wearing, dent and corrosion proof and light in weight.

Specification:

- Powerful motors
- Designed with wide bases to prevent tipping
- Unique rewind and storage system
- Super-efficient filtration
- Quiet operation
- Friendly smiles are standard equipment
- Can be used with or without bags
