

Sustainability Statement

In this statement the term 'sustainability' includes the natural, built, economic and social environments of the Company (More Than Safety Limited).

The Company recognises its sustainability obligations to its Staff, Customers, Community and stakeholders, both locally and globally, and to present and succeeding generations.

The Company is committed to implementing the requirements of all relevant sustainability legislation and regulations and, where possible, exceeding any relevant minimum requirements.

The Company will manage activities over which it has control and which impact upon its various 'environments' in accordance with the principles of sustainable development.

The Company aims to raise the sustainability awareness of its Staff, Customers, Communities and Stakeholders by promoting the concept of sustainable development and by openly recognising the on-going need to move towards a more sustainable future.

The Company will monitor its use of natural resources, both non-renewable and renewable, and maximise the efficiency and effectiveness with which they are used with a view to minimising environmental impacts.

The Company will provide appropriate sustainability training and development for its staff, and will encourage them to apply sound sustainability practices at work, at home and within the wider community.

The Company is committed to its Sustainability Policy and objectives. The Company will formulate, implement and monitor objectives set out in the overall Policy and will periodically review their efficiency and promote their continued development.

The Sustainability Policy of More Than Safety Limited will be applicable to all its activities and across all its sites.

At More Than Safety we do not purchase from a supplier we haven't either inspected and approved personally or have viewed documented evidence from our approved wholesale supply chain.

The Company is certified to ISO 14001 : 2015, ISO 9001 : 2015 and ISO 45001 : 2018
