# Wera Kraftform Micro ESD Screwdriver Set (25 Piece)

morethansafety

59073793

## Features & Benefits:

Electrostatically secured Wera Micro screwdriver 25-piece set. The included screw profiles are especially suitable for the use on mobile phones and tablets.

Safe protection against electrostatic energy and associated damage.

By supporting the hand on the rotating cap, and by the fast rotating zone below the rotating cap, lightning fast turning is possible.

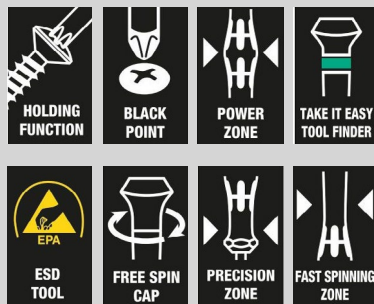

The power zone with integrated soft zones ensures the transmission of high tightening and loosening moments.

Precision zone for correct rotation angles whilst adjusting.

The Black Point tip provides fitting accuracy and optimum corrosion protection. Take it easy tool finder with size stamping and colour coding by profile to find the required tool quickly and easily.

Storage and transport in a robust textile pouch, so the tool is well protected and always close at hand.

Time-consuming hand switching is eliminated.

# Stainless Torsion Bit Set (30 Piece)

morethansafety

59073616

## Features & Benefits:

Bit-Check that can be positioned upright with high quality bits out of stainless steel.

Wera stainless tools are manufactured out of stainless steel, thus preventing the formation of unsightly extraneous rust. 29 Wera stainless bits.

1 stainless Rapidaptor quick-release holder. The multi-component Bit-Check is convincing on account of its low weight and the maximum possible degree of compactness.

In this respect, the soft material in the lower section of the Bit-Check ensures that the bits are securely held whilst being simple to remove at the same time.

The profile and size of the bits are easy to recognise thanks to the Wera "Take it easy" Tool Finder with its colour coding and clearly visible imprint.
